RESPONSE UNDER 37 CFR § 1.111

Sir,

This is in response to an Office Action mailed on July 7, 2003, rejecting
instant claims 1-8, which are all the claims pending in the present application.

Remarks

Applicants first apologize for not providing the Declaration of Dr.
Plantenga in the previous response. This Declaration was cited in the response
as illustrating the surprising and unexpected discovery of the superior
performance of a catalyst comprising molybdenum and nickel in ultra-deep HDS.
The Declaration in fact provides a detailed discussion of the history of ultra-deep
HDS, the chemistry of ultra-deep HDS as compared to conventional HDS and the
surprising discovery that led to the present invention.
